

## IV Pole

### Disposable Floor With Five Wheels

Our streamlined, Disposable Five-Wheel Floor IV Poles are a sturdy, cost-effective and quality alternative to the traditional method of maintaining an IV pole inventory. The lightweight, efficient folding design and ability to leave the pole with patients eliminates the hassles of tracking, pick-ups, cleaning, tagging, storage and shipping—plus, patients are assured of exclusive use.

- Streamlined, sturdy construction
- Maximum height of 74”
- Cost-effective, quality alternative to permanent inventory
- Efficient folding design alleviates the hassle and costs of pick-ups, shipping and storage
- Exclusive patient use
- Supports infusion pumps
- Made of recyclable materials
